

1991 JC

Dear Dickie and Jimmy,
Dad is feeling better tonight as he decided not to eat very much as eating three meals a day which the dietitian told him and lower fat foods seemed to make him feel terrible. He has a dr. appt this Wednesday so I will give up the bridge game.

Anyway - I am sure it would be too much trouble to copy the document from Toddy Smith so I could send mine to my Cousin Dorothy. I know she would just love it. It isn't necessary for her to have a copy and I don't want you to

consider making a copy when you are so busy and doing so much on the genealogy. Now that I even mentioned it - just don't do it. More later.

Love,

Mom
